To Whom This May Concern:

I am writing this letter to LET MY VOICE BE HEARD!!!! I totally disagree with this constitutional, illegal and politically motivated effort to DENY MYSELF AND OTHER WORKING PEOPLE OF THEIR RIGHT TO A TRIAL BY JURY!

I Earl Fletcher have work in the Steel Mill for 40 years as a Steel Worker. I have worked in and around Asbestos during that time. I have Asbestos in my lungs at this time. I am very much against this!!

The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather interpret the law. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan Asbestos Disease victims their right to a jury trial????

What are the true facts about Asbestos Litigation in Michigan? In fact, in the last four years, there has been ONE Asbestos case tried to verdict in the entire State of Michigan. All other cases settle before trial.

This letter is to refer to proposed COURT RULE NO. 2003-47

Thank you.....

Earl Fletcher
